“PREPARATIONS TO BE MADE BEFORE A FLEA TREATMENT”

INTERIOR:

1. Pick up all clothing, toys, books, etc., from floors and furniture.
2. Cover children's toys.
3. Remove clothes, shoes and other loose articles from floor of closets.
4. Remove all articles from underneath beds and furnishings.
5. Remove fish tanks, or cover and seal with the aerator turned off.
6. Vacuum all carpeting, rugs and furniture thoroughly prior to treatment. Vacuum under furniture and under cushions. Vacuum bag should be wrapped in a plastic bag and placed in outside trash receptacle immediately after vacuuming.
7. Thoroughly launder or destroy all pet bedding.
8. Extinguish all open flames.
9. **REMOVE ALL PETS FROM THE PREMISES.**

EXTERIOR:

1. Pick up all loose articles, including children's and pet's toys, from porches, decks and yard areas.
2. Cover or remove pet dishes.
3. Remove barbecue utensils, dishes, glasses, etc.
4. Remove any clothing or laundry from yard area.
5. Turn off automatic watering systems.
6. Tall grasses and weeds should be mowed or cut prior to treatment.
7. **REMOVE ALL PETS FROM THE PREMISES.**

SPECIAL INSTRUCTIONS:

Furry pets (dogs, cats, etc.) must be professionally treated by a licensed pet groomer on the day of treatment.

CHIPPEWA PEST CONTROL, INC. ASSUMES NO LIABILITY FOR ANIMALS LEFT ON THE PREMISES.

YOU MUST VACATE THE PREMISES FOR FOUR (4) HOURS THEN VENTILATE THE TREATED AREA FOR ONE (1) HOUR BEFORE RE-ENTRY. UNDER NO CIRCUMSTANCES SHOULD YOU RE-ENTER BEFORE THE TIME POSTED BY YOUR SERVICE TECHNICIAN.
